

Preparation Checklist

All Bikes Must Have Their Own Stand

INCLUDE CONTACT INFORMATION WHEN SHIPPING PARTS

Never do a mechanical process you are not comfortable with. If necessary, I will remove whatever is needed to create access for inspection or repair services.

Minimum requirements for leaving the bike at the shop

- Remove all bodywork including gas tank

Chassis Correction Extra Steps:

- Remove safety wire
- Remove foot peg assemblies
- Remove radiator

Steering Head Adjustment Extra Steps:

- Remove airbox
- Remove exhaust system
- Remove fairing bracket

Subframe Adjustment Extra Steps:

- Remove inner fender
- Remove wiring harness

Wheel Correction Prep:

- Leave bearings in wheel
- Remove tire*
- Remove rotors unless they need to be checked

*I will remove tires for a small fee
